PRODUCT INFORMATION

The Evolution is a powerful 2-Step espresso machine. With Franke's patented Autosteam Pro™ intelligent steam wand, you can heat or froth milk at the touch of a button whenever you need it. Milk, air and steam are automatically blended to produce perfectly frothed milk. Both the temperature and air supply can be programmed for each product, creating milk textures that are specific to each coffee beverage. The steaming technology of the Autosteam Pro™ provides a great solution for maintaining that personal café experience your customers' love, while also keeping barista training to a minimum. This is a coffee machine with character and the ideal solution for successful coffee programs in bakeries, cafes, schools, markets and specialty coffee shops alike.

FEATURES

- Compact 13" footprint saves valuable counter space
- Stainless steel finish
- One touch grind, tamp and brew
- Simultaneous espresso extraction and milk steaming
- Autosteam Pro™ intelligent steam arm
 - Insulated for minimum heat transfer and added safety
 - Programmable milk quality and temperature settings
- Standard programmable hot water outlet
